Coverage Above and Beyond a Standard Policy.

Equipment Breakdown Coverage adds protection for losses such as:

- **Air Conditioner Units**– Compressor burned out due to faulty control board.
- **Computers**– Power surge damaged motherboard.
- **Heating Equipment**– Furnace heat exchanger cracked.
- **Home Entertainment Equipment**– Television damaged from electrical fluctuation.
- **Home Gym Equipment**– Motor seized due to overheating.
- **Jacuzzis**– Mechanical breakdown to the pump discharge housing caused by excessive vibration.
- **Kitchen Appliances**– Replacement of a kitchen dishwasher was necessary due to broken shaft.
- **Pumps**– Motor short-circuited and burned out.
- **Washers and Dryers**– Bearing failure caused motor to break down.

These examples are for illustrative purposes only and do not imply coverage.

Frequently Asked Questions

Q: What does Equipment Breakdown cover?

A: It covers the perils of mechanical, electrical and pressure systems breakdown, which are typically excluded or limited in the homeowners policy.

Q: Does a deductible apply to this coverage?

A: Yes. The deductible is the same as on your homeowner's policy subject to a minimum of \$500.

Q: How does this coverage differ from a home warranty?

A: A home warranty is expensive. It may also restrict certain equipment or only include it at an additional cost. By adding Equipment Breakdown Coverage to your homeowners policy, coverage applies to most property in your home.
